

Free Podcasting Workshops for Teens Grades 8 – 12

Bring your stories, bring your voice! Produce your own podcast @PALEY

Are you ready to share your passions, stories, and ideas with the world? The Paley Museum is offering a series of free podcast workshops for New York City teens to gain experience in the growing field of audio storytelling. Using professional-grade production equipment including microphones, field recorders, digital audio workstations, sound effects, and the Paley podcast studio, participants will record, write, and edit their own audio stories. Our free podcasting program is here to help teens unleash their creativity and find their voice!

Note: It is recommended (but not required) that participants attend all sessions in the series to have the time required to complete a full podcast episode.
